# Engineering Department Monthly Report June 2010

## **Department Statistics:**

Building Permits Issued: 30 Plan Reviews Completed: 5

Building Inspections Completed: 107

Excavation Permits Issued: 34

Excavation Inspections Completed: 51

Storm Water Permits Issued: 1

Storm Water Inspections Completed: 13

## **Road Projects:**

Cumberland Avenue Reconstruction Ph 1: Third wettest June on record. Very little progress on pond and road sub-grade. US 52 crosswalk improvements completed. Utility relocation work substantially completed.

Yeager Road, Phase 1: R/W appraisals continuing. Review appraisals started for Kopf and Stekle parcels.

Salisbury Street Resurfacing (ARRA Funds): Paving is complete. Striping is complete. Ramon is figuring final quantities to make sure we are on budget so Rieth-Riley can be paid.

2010 Street Resurfacing: Milestone has begun excavation on Quincy and Maple so they can begin the concrete work required on those two roads. Work is progressing well despite the street trees being a rough obstacle to work around.

#### **Sidewalk Projects:**

2010 CDBG Sidewalk Replacement: Isom is working on the west side of the road replacing curb, sidewalk, drives, and ramps. Work is progressing well considering all of the trees along this section of Robinson.
